

Learning From Others: An Interview

Take an opportunity to learn from other people. Interview a classmate or an older student, perhaps your brother or sister, and find out what works for him/her. Remember to write down the person's responses after you ask each question. When you finish the interview, complete the second part of this handout.

1. Do you think of yourself as a well organized student?
2. Do you use a notebook, binder or multi-subject binder with dividers for each class? If you do, how often do you clean them out?
3. How often do you clean your backpack?
4. Do you carry all of your supplies with you all day?
5. How do you make certain that you have what you need for each class?
6. How do you use your locker? Is it neat?
7. Where do you keep your supplies at home? Can you easily find what you need?
8. How do you keep track of homework assignments? Long term assignments?
9. Where do you keep work that is returned to you?
10. What routines do you have in place that help you stay organized? Explain.
